"The **EQUATOR** (Enhancing the **QUALITY** and **Transparency** Of health Research) Network is an international initiative that seeks to improve the reliability and value of published health research literature by promoting transparent and accurate reporting and wider use of robust reporting guidelines. It is the first coordinated attempt to tackle the problems of inadequate reporting systematically and on a global scale; it advances the work done by individual groups over the last 15 years..." lifted from the EQUATOR Network website.

For this issue of JAFES, selected checklists from the EQUATOR Network are featured for the main study types. The updated JAFES Instructions to Authors stipulate that manuscripts should ensure compliance with the appropriate EQUATOR Network Guideline to be considered for acceptance. The complete checklists and full guidelines are available at <http://equator-network.org>.
